INSURANCE.

The 19th July, 1913.

No. 5555—97.—In exercise of the powers conferred by sections 27 and 39 of the Indian Life Assurance Companies Act, 1912, the Governor General in Council is pleased to make the following rules :—

Short title.

1. These rules may be called the Indian Life Assurance Companies Rules, 1913.

Definitions.

2. In these rules, unless there is anything repugnant in the subject or context,—

- (a) "the Act" means the Indian Life Assurance Companies Act, 1912 ;
- (b) "Company" means a Life Assurance Company to which the Act applies ;
- (c) "dividing society business" means life assurance business under which the amount payable on the policy money becoming due is not fixed but depends either partly or wholly on the results of the division of any portion of the premium income or funds amongst the policies which have become due for payment in proportion to the premiums received under each class in any specified period.

3. (1) Any person who, as an Actuary, investigates the financial condition of a Company or signs valuation returns of a Company shall be either—

Qualifications of Actuaries under the Act.

- (1) a Fellow of the Institute of Actuaries, London, or a Fellow of the Faculty of Actuaries in Scotland ; or
- (2) where application is made by a Company and where, in the opinion of the Governor General in Council, special circumstances exist,—
 - (a) an Associate of such Institute of Actuaries or of such Faculty of Actuaries ; or
 - (b) such other person having actuarial knowledge as the Governor General in Council may authorize to be employed to perform the duties of an Actuary.

(2) Every application by a Company for permission to employ as an Actuary any person other than a Fellow of the Institute or Faculty of Actuaries shall state the work for the performance of which such person is required, and the Governor General in Council, if he grants the application, shall cause a certificate to be issued to the Company permitting, subject to such conditions and restrictions as he thinks fit, the employment of the person mentioned in the application.

4. An Actuary when investigating the financial condition of a Company shall either satisfy himself as to the accuracy of the particulars extracted from the books or require a certificate of their accuracy from the Manager and one other responsible officer of the Company.

Accuracy of particulars.

5. An Actuary, after investigating the financial condition of a Company, shall report—

Particulars to be given in report of Actuary.

- (a) whether the calculations are correct and made on the principles which are contained in the statement furnished under the Fourth Schedule to the Act ;
- (b) whether these principles have his approval ;
- (c) whether he has obtained all the information and explanations that he has required ;
- (d) what adjustment was used in the valuation to allow for unequal incidence of the premium income, and for premiums payable more often than once a year ;

- (f) the rate at each age of the mortality assumed and of the annuity values used in the valuation where the tables employed are not published ;
- (g) whether all negative values were eliminated from the valuation ; and
- (h) the reserve values held against policies effected at ages 20, 30, 40 and 50 and which have been in force for 1, 2, 3, 4, 5, 10, 15 and 20 years, respectively, in respect of—

- (a) he shall state whether he considers that the Company could be made solvent as regards existing contracts by the transfer of its subscribed capital (whether paid or unpaid) to make good the deficiency in the life assurance fund. If so, he shall state what in his opinion is the amount so required, and whether or not any alteration should be made in the rates of premium for future entrants ;
- (b) if he considers that the Company cannot be made solvent as regards existing contracts by the transfer of the whole of the subscribed capital to the credit of the life assurance fund, he shall state what proportion of the sum assured the Company would, in his opinion, be able to meet under such contracts, if all the premiums thereunder were reduced proportionately with the sum assured, and all subscribed capital were fully paid up and transferred to such fund.

7. Companies transacting life assurance and annuity business only may

Paid-up capital not to be treated as assets.

include in the life assurance revenue account the paid-up capital and all the other funds of the Company, such as Investment Reserve Fund, Dividend Reserve Fund, Sinking Fund, etc., stated separately both at the beginning and at the end of a year, so as to show any increase or diminution in such individual funds during the year; but although paid-up capital may be shown along with the funds in this way, it shall not be treated as part of the Company's assets for the purpose of showing a divisible surplus at the time of any actuarial investigation of the financial condition of the Company.

8. Every Company transacting dividing society business shall show in its

accounts both the premium income and the claims of each class of such business separately from the premiums and claims of the other classes of business transacted by the Company.

9. A Company may submit a separate Revenue Account similar to the Life Assurance Account, in addition to forms A, B and C of the First Schedule, for any class of business which it transacts, such, for instance, as dividing society business.

10. If any class of policy is not qualified for full benefits until after the first year or other stated period, the premium income of that class shall be separated accordingly in the accounts. In the case of a Company having more than one qualifying period for any such business the premium income shall be shown separately for each qualifying period.

11. The accounts of every Company not subject to audit in accordance with the provisions of any law for the time being in force in British India regarding the registration of companies shall be audited in accordance with that law.

No. 5829—5876—II.

The 24th July, 1913.

RESOLUTION—By the Government of India, Department of Commerce and Industry.

The Governor-General in Council is pleased to direct that the rules for the supply of articles for the public service appended to this Resolution shall be substituted for the rules promulgated with the Resolution in this Department No. 6847-6892-33, dated the 12th September 1912.

ORDER—Ordered that this Resolution be communicated to all Departments of the Government of India, to all Local Governments and Administrations, to the Comptroller and Auditor General, to all Accountants General and Comptrollers, to all Heads of Departments subordinate to this Department, and to the Private and Military Secretaries to His Excellency the Viceroy.

Ordered, also, that the Resolution be published in the *Gazette of India* for general information.

RULES FOR THE SUPPLY OF ARTICLES FOR THE PUBLIC SERVICE.

Subject to the provisions of the General Rules specified below, and to any instructions regarding specific articles which have been, or may be, issued by the Government of India from time to time (*e.g.*, those relating to the supply of stationery), the following are the rules relating to the supply of articles required for the public service. These rules supersede all previous orders which are not explicitly continued :—

RULE 1.—*Articles manufactured in India from Indian materials.*

All articles which are produced in India in the form of raw material, or are manufactured in India from materials produced in India, should, by preference, be purchased locally, provided that the quality is sufficiently good for the purpose, and the price not unfavourable.

RULE 2.—*Articles manufactured in India from imported materials.*

All articles manufactured in India from imported materials should, by preference, be purchased in India, subject, however, to the following conditions :—

- (a) That a substantial part of the process of manufacture of the articles purchased has been performed in India.
- (b) That the price is as low as that at which articles of similar quality can be obtained through the India Office.
- (c) That the materials employed are subjected to such inspection and tests as may be prescribed by the Government of India.

Note.—The term “a substantial part of the process of manufacture” in clause (a) means that a substantial part of the preparation of the finished article must be performed in India, whether from raw materials or from component parts obtained in a finished state from other sources.

RULE 3.—*Articles which are not manufactured in India.*

Articles which are not manufactured in India should be obtained by indent upon the Store Department of the India Office, except in the following cases :—

- (a) When the articles are already in India at the time of order, and their price and quality are not unfavourable as compared with those at which similar articles could be obtained through the India Office, and the cost of the supply does not exceed the limits prescribed at the end of Rule 13.
- (b) In the case of important construction works let out on contract, articles not manufactured in India required for the construction of such works may be supplied by the contracting firm, subject to the following conditions :—
 - (i) That the firm is approved by the Government of India and is included in the list of firms so approved—*vide* Schedule B, Appendix 30, P. W. D. Code, Volume III.
 - (ii) That the materials are subject to the current specifications and tests prescribed by the Government of India.

Note.—Articles of clothing and equipment of European manufacture required for the Burma Police Department may be procured for the present without the intervention of the India Office.

RULE 4.—*Articles which should be purchased in India.*

The following articles, whether manufactured or produced in India or not, should be purchased in India, provided that they comply with the current specifications, are of the requisite quality, and can be obtained at a not unfavourable price :—

- (a) Those of a perishable nature.
- (b) Explosives.
- (c) Block tin.
- (d) Wines and spirits and English bottled beer for the use of Government hospitals in India.
- (e) Kerosine oil.
- (f) Plant and materials for electric installations intended to take current from existing centres; and small electrical power and lighting plants of not more than 25 kilowatt capacity, which involve the provision of generators and cables for distribution, provided they comply with the current specifications and tests prescribed by the Store Department of the India Office.
- (g) Australian timber.
- (h) Australian copper.
- (i) Italian marble.
- (j) British Columbian timber.
- (k) Plant and materials for small gas installations the cost of which does not exceed Rs. 15,000.
- (l) Such other classes of articles as may from time to time be prescribed by the Government of India. All such cases should be reported to the Secretary of State for his information.

RULE 5.—*Special purchases in India.*

When serious inconvenience to the public service would be caused by waiting to obtain an article from England through the Director-General of Stores, or when, owing to the greater promptitude of supply, an economy can be effected by purchasing in India articles which, under the foregoing rules, should be obtained through the Store Department, the purchase may be made in India, subject to Rule 13, provided that the articles are already in India at the time of order; but in such cases, if the value of the articles exceeds Rs. 750, the sanctioning officer should place on record the reasons which make the local purchase desirable. This record shall be available for the inspection of the Examiner of Accounts or the Supervising Officer when required.

RULE 6.—*Inter-departmental purchases.*

Nothing in the rules is to be deemed to prohibit the purchase of stores of European manufacture by one Department or Railway from another.

RULE 7.—*Method of obtaining stores not purchased in India.*

All articles which under the foregoing rules are not to be bought in India should be obtained by indent on the Store Department of the India Office, except any which the Secretary of State may have specially authorised the Government of India or its officers to purchase direct outside India. Such purchase is at

present permissible in the case of the following articles :—

- (i) Seeds.
- (ii) Cinchona bark.
- (iii) Articles for experimental or research purposes required by officers approved by the Government of India from time to time. A list of the officers thus approved is given in Appendix A.
- (iv) Excise instruments and apparatus required by Provincial Excise Departments for experimental or research purposes.
- (v) China, glass, cutlery, plate, crockery and perishable fabrics, including linen, for residences which are furnished by Government.
- (vi) Australian timber.
- (vii) Australian lead.
- (viii) Such articles as Superintendents of Vaccine Depôts may require for the preparation of vaccine lymph (*e. g.*, lanoline and glycerine).
- (ix) Chemicals and scientific apparatus of small value required by Government schools and colleges, which do not require careful inspection and testing.
- (x) Articles required for Viceregal residences in special and urgent cases.

Note.—Payments for stores purchased under this rule should be made direct to the suppliers by the purchasing officers.

GENERAL RULES.

RULE 8.—*Forecast of requirements which should under the rules be complied with by indent on the India Office.*

All requirements should be fulfilled locally in accordance with the provisions of the Resolution No. 4941-4988-102, dated the 14th July 1909, provided that quality and price are not unfavourable and provided that such purchase does not violate any of the instructions contained in these rules. In cases, however, in which stores have to be obtained through the India Office, every effort should be made to foresee requirements so that the indents may be despatched in ample time. Persistent failure of any officer to make such efforts should be brought to notice by the Local Government or other authority, which may, at its discretion, cancel or reduce the powers of sanction entrusted to the officer at fault.

RULE 9.—*Time required to obtain Stores from England.*

It may be assumed that the time required from the transmission of an indent upon the Secretary of State to the receipt of the stores is :—

Urgent telegraphic indents, not less than three months.

Ordinary indents, six to ten months, according to the article demanded.

For special stores, *e. g.*, large girders, rolling stock, &c., up to one year in ordinary times.

Note.—When ordinary stock articles conforming to well-recognised standards are required within a shorter period than three months, and the purchase has, under the rules, to be made through the India Office, the indenting officer shall, if he desires that the procedure indicated in the Resolution in the Department of Commerce and Industry No. 6822-6869-37, dated the 13th September 1911, be adopted, state the fact clearly in his telegraphic indent.

RULE 10.—*Method of comparing Prices.*

In all cases in which the selection of source of supply depends upon comparison of prices, the procedure to be adopted for such a comparison is as follows :—

- (i) A reference should be made to Home prices as shown in the Rate Lists, and freight should be added at the lowest rates paid by the India Office together with 13s. 4d. per 100l. for interest, 2s. 2d. per 100l. for insurance, and 3d. per ton for freight brokerage.

- (ii) In cases of important contracts, the prices ruling in the English market should be ascertained by telegraphic reference to the Director-General of Stores.
- (iii) In cases where the necessary information as to Home prices is not available from the Rate Lists, the purchase in India shall be subject to the condition that the price is not unfavourable.
- (iv) In order to arrive at the market value at an Indian port of the article imported from England the following charges shall be included :—
 - (a) Landing, wharfage, and port charges as shown in the Rate Lists.
 - (b) Customs duty, as shown in the Tariff to be applicable to the article in question, to be calculated on its cost *plus* the additional charges mentioned in the earlier part of this rule.
- (v) The cost of carriage to site from port or place of manufacture, as the case may be, shall be taken into account.

RULE 11.—*Tests.*

Any articles purchased in India which should be tested are liable to the specifications laid down from time to time by competent authority, with the approval of the Secretary of State in Council, and should be required to pass the tests prescribed for such articles.

RULE 12.—*Firms from which iron and steel may be bought in India.*

Important iron and steel work, if purchased in India, should only be obtained from firms approved by the Local Government or Administration and entered in a Schedule as corrected from time to time by the Government of India. A list of approved firms is given in Appendix B.

Note.—By “important iron or steel work” are meant articles of iron or steel, which form important components of the project in hand; *e. g.*, bridge girders and roof trusses, built up in the firm's workshops and supplied, ready for erection, in such sections as may be convenient, and rolled steel beams, rails or other sections cut to length or otherwise prepared at the firm's workshops to suit the indenting officer's requirements. The intention of the rule is to ensure that parts, the accurate preparation of which is essential to the security of a project, shall be obtained only from firms which possess workshops and appliances capable of turning out work of the desired standard. The raw materials used may be either imported or of Indian manufacture, subject to the usual specifications.

RULE 13.—*Financial limits on powers of Officers to make purchases in India.*

In the case of purchases made under Rules 1, 2 and 4, an officer's powers of purchase extend to the ordinary limits to which he is empowered to enter into contracts: but in the case of purchases made in India under Rules 3 (a) and 5, the limits for expenditure on any one article or on any number of similar articles purchased at one time are as follows :—

JAILS.

The 8th August, 1913.

No. 108.—The Governor General in Council is pleased to sanction the admission of—

Mr. Joseph Albert Minchall, *Jailor, 1st grade,*
and

Palaniyandi, *Warder, 2nd grade,*

to the third class of the Civil Division of the Indian Order of Merit, in recognition of the gallantry which they displayed on the occasion of a riot which took place in the Penitentiary, Madras, on the 27th November 1912.

Mr. Minchall, while accompanying the Superintendent of the Jail on his daily rounds, saw a convict, who was working at a machine in the press room, strike a blow at the Superintendent with an iron rod. Without hesitation he sprang forward and closed with the assailant, receiving several wounds in the struggle. A general riot ensued, during the course of which Mr. Minchall courageously remained at his post in a position of danger, and was the last to leave the room in which the riot originated. His courage was largely instrumental in saving the life of the Superintendent.

Warder Palaniyandi, who was off duty at the time when the attack on the Superintendent took place, on hearing the alarm sounded, armed himself with a carbine and proceeded with the main gate guard to the press room, where he found a hand to hand conflict in progress between the convicts and the warders. He promptly shot a convict armed with a knife and an iron bar who was about to attack the Superintendent, as well as a second convict who was assailing two unarmed warders with a knife. A third and last shot was fired by the warder at another convict who was attacking the Superintendent. Warder Palaniyandi's remarkable coolness and power of independent action were largely instrumental in quelling the riot, and undoubtedly saved more than one jail official from severe injuries and perhaps death.

Nos. 427-431.

The 8th August, 1913.

RESOLUTION—By the Government of India, Home Department.

It has come to the notice of the Government of India that some misapprehension exists with regard to the intention of the orders governing the grant of certificates of identity to Indian students and others, contained in the resolutions of the Home Department no. 2831-2842, dated the 8th December 1899, nos. 481-492, dated the 15th November 1901 and nos. 609-620, dated the 8th June 1910.

2. The orders contained in those resolutions were intended to apply only to Indians of some status proceeding to Europe, the United States of America, or Japan for the purposes of study, for pleasure or on business, and not to persons desirous of emigrating to those or other countries in search of manual employment, even though sufficiently well-to-do to be able to pay their own fares. The latter class of persons, instead of receiving the encouragement or assistance which may be implied by the issue to them of certificates of identity, should be warned of the attendant risks and strongly advised not to emigrate unless they have received definite and reliable information that remunerative work will be found for them in the country to which they are destined.

3. Local Governments and Administrations are requested to give wide publicity to the tenour of these orders.

No. 446.—The Governor General in Council is pleased to sanction the admission of Havildar Abdul Hakim and Naik Gulzar Khan of the Mekran Levy Corps to the Third Class of the Civil Division of the Indian Order of Merit for conspicuous bravery displayed by them at Dehnor in the Bandar Abbas District on the 11th March 1913, in defending the camp of Mr. J. W. Nunn, Temporary Engineer, Karachi Extension Railway Survey, against a band of Baharloo raiders. In the attack Havildar Abdul Hakim distinguished himself by the skilful handling of his men and his personal courage, while Naik Gulzar Khan, in spite of a bullet wound on the head which momentarily rendered him unconscious, pluckily continued in the firing line until the raiders withdrew and remained in the trenches throughout the subsequent night.
